

# Maker Challenge #7

## Little Bits Truck Crane

How can we build a truck crane to lift materials? Are you able to lift rubber bands? Could you create a device to lift something heavier? What is the maximum weight your device can lift?

### Sample Outcomes:

Grade 3-6 Math Shape and Space Measurement

Ex: Demonstrate an understanding of measuring mass

### Materials!

Little Bits Set

Elastic Band

Paper Cup

Paper Clips

Masking Tape

Marbles, coins, rocks or other materials to lift

Popsicle Sticks

toy truck
